CLASSES

"Freddie" made a lot of changes here at Gautier Jr. High. At last the gym was air conditioned and the setting sun could be seen from the opening in the west wall. The cafeteria was closed, cancelling the lunch program, but making possible a breakfast program.

Classrooms on the north hall were closed, but provisions were made for classes in the auditorium and library. Students, for the first time have to share lockers — "Two's company, but four to a locker!"

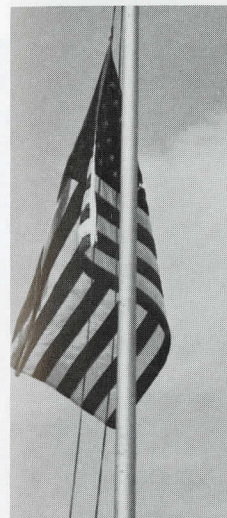

Some good things resulted from the hurricane. Besides the breakfast program, students only attended classes for a half day. No more getting overheated in the gym at pep rallies — pep rallies were held outside. Some students even had the experience of learning with team teachers. In spite of hardships, school life continued with the same gusto as always.

DEDICATION

The person to whom we dedicate our yearbook is one who has given tirelessly of his time by having the school store open every morning and the refreshment stand open every afternoon. He has given five years service and experience to help students become better physically fit. He has not only taught the skills of basketball, he has also taught the skills of team work, sportsmanship, and fair play. Because of your outstanding efforts to help students, we the annual staff dedicate this yearbook to you, Coach Jim Miller.

HOMECOMING

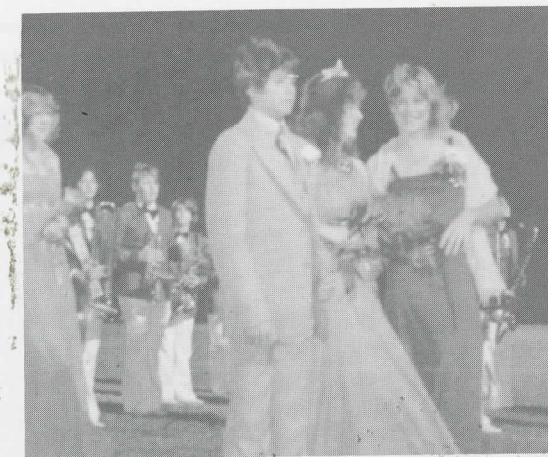

WEEK

Have you ever heard of the "Twelve Days of Christmas"? Well, we had the "Twelve Days of Homecoming." We had everything from "Tie Day" to "Punch the Panther Day." Students, and even teachers, participated in these activities that boosted the morale of the football players as well as the students.

On November 1, 1979, we had our homecoming. It was a rather cold and windy night, but despite everything, it was as nice as usual. The homecoming queen, Michelle McCormick, was crowned by Shellie Dossett, last year's queen. The football game itself was exciting. The eighth grade team beat Pascagoula, and the ninth grade team beat Pascagoula also in overtime. After the game, students attended the homecoming dance sponsored by the P.T.A.

STUDENT COUNCIL

This is the student government of the school. To be in Student Council students had to maintain a "C" average and an "N" in conduct. The Student Council sponsored many activities in 1979-80 — candy sale, Christmas dance, faculty Christmas party, and a Spring dance. The money earned from these activities was used to purchase items for the school.

The *National Jr. Honor Society* is a club that creates an enthusiasm for superior scholarship; it helps to develop citizenship, and also promotes leadership. To become a member, a student must have all "A's" and "B's" and be selected and approved by all of his teachers.

GATORS' TALE

Gators, Tale was the name of our newspaper. It told about activities in the past and present, in and out of school. It was put together entirely by the students in Journalism class, then it was sent to the Vo-Tech center in Pascagoula to be printed. It was published once a month.

BEGINNER BAND

Beginner Band was offered to students in the seventh and eighth grades, as well as to ninth graders who had not taken band before. They performed in the Christmas and Spring Concerts and also participated in the Gulf Coast Jr. High Solo and Ensemble contest.

DIRECTOR:
Ms. J. Davidson

VARSITY BAND

INTERMEDIATE BAND

Eighth Grade students made up the Junior Varsity Band. They participated in the Christmas and Spring Concerts and also in the Gulf Coast Jr. High Solo and Ensemble contest. They played with the Varsity Band at the football games.

DIRECTOR:
Ms. J. Davidson

Varsity Band was made up of ninth grade students, who participated in different types of band activities such as the Christmas and Spring concerts, and the Gulf Coast Jr. High Solo and Ensemble contest. They also played at all the home Football games. The band members were eligible to tryout for the Mississippi State Band Clinic and the Gautier Jr. High Band Clinic.

OFFICE MONITORS

The Office Monitors learn all the office tasks: filing, doing the absentee list, getting students for checkouts, clearing students for checkins, and handling whatever they are told to do. It is just like they were in class; the freshmen receive $\frac{1}{2}$ credit for being a monitor. It is a big responsibility but they learn to handle it well.

CHORUS

The Special Chorus was mainly composed of second year music students. These students auditioned for this group at the end of the previous school year. Students had to be able to recognize scalewise pitches and simple rythmical patterns to be accepted. The Chorus participated in festivals, Bsecond year accepted. The Chorus participated in festivals, clinics, and PTA programs.

ADVISOR:
Mrs. J. Smith

GUIDANCE MONITORS

The Guidance Monitors run errands, file, show new students around, get books for absent students, fix bulletin boards, notify people of bus changes, notify teachers of moved students, do the honor roll, meet special needs of teachers, and handle dozens of other things that need to be handled.

DRAMA CLUB

Because of the Hurricane, the membership of the Drama Club was limited to those students taking speech. One speech class was even held after school to provide for all those who couldn't take it during the shortened schedule day. The Drama Club hosted an invitational speech tournament in the spring.
